

WHOLE-HOUSE MULTI-STAGE WATER TREATMENT SYSTEM

PWT-5CTO-20

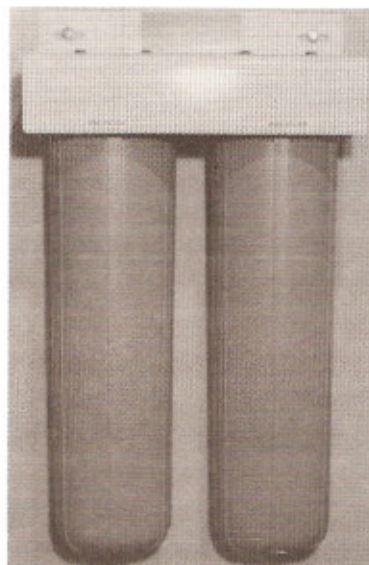

Represents the latest evolution of systems that has become an industry standard. Despite many imitations it remains unequalled in quality, reliability and over all performance. Years of engineering and water supply experience support this high tech design. No other company provides this level of quality at such an affordable price.

**INCORPORATING THE TWO MOST EFFECTIVE
WATER TREATMENT TECHNOLOGIES:**

STAGE 1: MECHANICAL FILTRATION
1-MICRON PRE FILTER

STAGE 2: ULTRA-FILTRATION/CARBON ADSORPTION
10.0-MICRON SOLID CARBON BLOCK FILTER

OVERALL DIMENSIONS: 16"W x 9"D x 27"H
