

**WHOLE-HOUSE MULTI-STAGE WATER TREATMENT SYSTEM**

**PWT-5GAC-20**

Represents the latest evolution of systems that has become an industry standard. Despite many imitations it remains unequalled in quality, reliability and overall performance. Years of engineering and water supply experience support this high tech design. No other company provides this level of quality at such an affordable price.

**INCORPORATING THE THREE MOST EFFECTIVE  
WATER TREATMENT TECHNOLOGIES:**

**Stage 1: Mechanical Filtration**

1-Micron Pre Filter

**Stage 2: Ultra-Filtration/Carbon Adsorption**

10.0 Micron Solid Activated Carbon Block Filter  
(Bituminous Coal): No Channeling or By-Passing

**Stage 3: Toxic Chemical Removal Filter (TCR)**

315 Cubic Inches of Compressed Granular  
Activated Carbon (Coconut Shell): Prolonged  
Contact Adsorption for Removal of Extra  
High Levels of Toxic Chemicals, Chlorine,  
and Chloramines

Overall Dimensions: 24"W x 9"D x 27"H

<b>PWT WATER TREATMENT APPLICATION CHART</b>			
<b>REMOVES OR REDUCES</b>	<b>STAGE 1</b>	<b>STAGE 2</b>	<b>STAGE 3</b>
<b>PARTICULATES (Dirt, Sediment, Rust)</b>	✓✓		
<b>TASTES, ODORS</b>		✓	✓✓
<b>CHLORINE, CHLORAMINES</b>		✓	✓✓
<b>PESTICIDES, HERBICIDES (DDT, DBCP, etc.)</b>		✓	✓✓
<b>TOXIC CHEMICALS (THMS, TCE, PCB, MTBE, etc.)</b>		✓	✓✓

**SUPERIOR SYSTEM FEATURES**

- Unlimited supply of water
- All faucets receive pure water
- High flow capacity
- 1 year limited warranty
- Easy and convenient to use
- All appliances: automatic ice-maker/  
ice-water dispenser/insta-hot,  
receive pure water

*A PWT Drinking Water System brings confidence and peace of mind.*
